Our institution has been awarded "Best Infrastructure Award" by DataQuest, New Delhi.

About the Department

Department of Civil Engineering was established in the year 2009, offering B.E Civil Engineering and M.E Structural Engineering course. The Department is equipped with state of art Laboratories and multifaceted faculty members. It has active partnership with ACCE, ICI, ICTACT etc. Faculty members are actively participating in R&D and consultancy projects from private as well as government agencies including DST, DRDO, MOEF, TNSCST, TNPCB etc. Besides quality teaching practice, conceptual learning and skill enablement programmes are conducted which add values to every student.

Vision of the Department

To make the Department of Civil Engineering, unique of its kind to promote education and research in the various fields of construction industry.

Mission of the Department

To impart highly innovative and technical knowledge in the field of Civil Engineering to the urban and unreachable rural student folks through "Total Quality Education".

About the Conference

The aim of NCSBMM 2019 is to provide a forum for Engineers, Scientists, Academicians, Researchers and Practitioners for sharing and exploring new areas of research and development and to discuss emerging issues and novel methods. The conference is focused on Sustainable Building Materials and Methods to be adopted for the construction industry, without compromising on quality and durability.

Sharing of knowledge and expertise among the academicians and industrial personnel across the country will be a beneficial for all the participants and the student's community.

Original research and unpublished papers from research scholars, academicians, practicing engineers and industry persons are invited.
