#### **BACKGROUND OF THE INSTITUTION**

College of Kamarai **Engineering** Technology (KCET), Virudhunagar is a self-financing autonomous institution established in the year 1998 by a group philanthropists at Virudhunagar in Tamil Nadu, named after the great leader and son of the soil, "Karmaveerar K. Kamarajar". The Institute is accredited by National Assessment and Accreditation Council (NAAC), Bangalore with 'A' grade. KCET offers 9 UG Programmes and 7 PG programmes. Seven departments (ECE, CSE, PT, MECH, BT, IT & Mechatronics) are provisionally accredited by NBA, New Delhi. Seven departments (BT, PT, EEE, ECE, MECH, PHYSICS & CHEMISTRY) have been recognized Research centers by Anna University, Chennai.

#### ABOUT THE DEPARTMENT

Vision "To make the Department of Electrical and Electronics Engineering of this Institution the unique of its kind in the field of Research and Development activities in this part of world".

#### Mission

Department of Electrical and Electronics Engineering is committed to

- 1.Inculcate technical knowledge by providing well-balanced curriculum to the urban and unreachable rural student community through "Total Quality Education"
- 2. Induce leadership and entrepreneurial skills with high standard of ethics and moral values to the student community.
- 3. Impart innovative skills to the student community by effectively involving them in research activities.
- 4. Create a wholesome environment to promote effective interaction of students with the industry experts

The Department of Electrical & Electronics Engineering was established in the year 2002. It offers UG programme in Electrical and Electronics Engineering and PG programme in Power Systems Engineering. The Department has Research Center approved by Anna University, Chennai and offers Ph.D. programme. The Department has obtained Permanent Affiliation from Anna University, Chennai for the UG program. The department has recently received funds worth 49 lakhs for Research projects, MODROBS, STTPs from funding agencies such as AICTE, DST, IE (India), TNSCST etc.

#### OBJECTIVE OF THE PROGRAM

The program focusses on imparting knowledge to participants in the area of IoT based smart sensor network and development of machine learning model

## **EXPECTED OUTCOME**

At the end of this program, participants will be equipped with the skills to undergo research projects related to IoT operated sensor network and develop the Machine Learning Models for monitoring and control application.

## TOPICS TO BE COVERED

- **✓ Development of Machine Learning Model**
- **✓ Implementation of Demand Side Management in**
- ✓ Institution
- ✓ Integration of IoT and Smart sensors
- ✓ Control of Hybrid & DC Microgrid
- **✓** How to write Research Proposals?

## **RESOURCE PERSONS**

- ✓ Dr. J.Jeslin Drusila Nesamalar, Principal Investigator
- **✓ Mr. T. Aathinarayanan**, Junior Research Fellow
- ✓ Industrial Experts from Quantanics Techsery Pvt. Ltd, Madurai

# **ELIGIBILITY** (Who can attend?)

All teachers in areas of technical education in AICTE approved institutions and research scholars are eligible to participate.

### **IMPORTANT DATES**

- Last date for registration: 5<sup>th</sup> January, 2022
- ➤ Intimation of Teams Link: 10<sup>th</sup> January, 2022
