

Measures initiated by the Institution for the promotion of gender equity

The College is very keen on the desires, aspirations, abilities and professional skills of human resources as men and women, without any discrimination about their gender. Further extensive efforts are taken into account for the communal and artistic factors involved in gender-based exclusion and prejudice in the most diverse spheres of community and personal life. Recognition of women as Head of the Department is provisioned with the aim of achieving equal, unbiased and multidimensional representation. As a token of promoting gender equity amongst the faculty members, we wish to highlight that out of fourteen departments that are functioning in the college, six departments are headed by women HoDs as given below.

a) Safety and security:

College:

- Committees like Complaints cum Redressal, Anti ragging and Anti-drug committee are established to monitor and address safety, security and social issues of the students and it is administered by the Dr. K. Thanalakshmi, HoD/First Year.
 - Complaints cum Redressal Committee provides a structured platform for individuals to raise complaints or grievances and have them investigated and addressed fairly, aiming to resolve issues promptly and maintain a positive working environment by offering a mechanism for redressal without fear of retaliation.
 - Anti-Ragging Committee is formed within educational institutions to actively prevent and address the issue of "ragging," which is a harmful practice where senior students harass, abuse, or humiliate new students, by monitoring activities, investigating complaints, and taking disciplinary action against perpetrators, thereby ensuring a safe and respectful environment for all students on campus.

- Anti-Drugs committee has been constituted to ensure a drug-free campus by imposing a total ban on the possession or consumption or use of drugs and alcohol by students of the College within or outside the campus.
- The College has a Women's Cell which addresses the issues faced by women students and Dr.R.Ramya of Computer Science and Engineering Department is the incharge of it.
 - Women's cell aims to develop women in all aspects of their lives, including health and awareness. The cell also provides a forum for discussion and deliberation on issues related to women.
- CCTV cameras are installed inside the college premises which provide 24 hours surveillance in order to observe the ongoing activities.
- Frequent patrolling is done by security personnel across the campus.

Department:

- Complaint box is kept for getting suggestions and complaints from the students and staff concerning any abuse or harassment.

Hostel:

- A full-time warden is appointed for the girl's hostel.
- Each of the men's and women's Halls (Hostels) is manned with round the clock security.
- Securitys are posted all around the campus, round the clock to ensure the safety and security of students.

Health Aid Facilities:

- The College has appointed a nurse for dealing with the health issues of girl's students. Napkin vending machine has been installed in the ladies' main rest room.

Awareness Programs and Lectures/Special Talks:

The College organizes seminars/special talks on a regular basis in order to endorse social values such as gender equality, gender sensitivity and highlights social problems such as women's safety, dowry issues, women's health etc.

Every year, college organizes various programs like Personality Development Camp, Stress Management, Yoga and Meditation Training Programme, International Women's Day etc.

b) Counselling

- All the students are allotted with a mentor to reach out to students.
- Mentoring is provided to the students for one hour in every week in all the departments.

Counselling facilitates student achievement, improves student behavior and attendance, and helps students to develop socially. It helps the students to become self-aware and reach their highest potential while dealing with anxiety and stress. Special attention is given to students who have failed in Semester exams.

Counselling focuses on the problems faced by the students during examinations like fear, lack of concentration, time management and failure. Such students were identified and special counselling was given to them.

Outcome of Counselling:

- Improvement in academic standards and academic success which enabled them to get placement.
- Improvement in behavior and regular attendance for classes.
- Development in skills to improve organization, study habits, and time management.
- Progress in managing their personal problems which may affect academics or relationships.
- Growth in their interests and strengths.

c) Common Room:

- The Repose Room, an independent and self-contained room for Women Teaching and Non-Teaching faculty is located at the First floor of D Block with two beds.
- Rest zone, gym and hostel facilities are available for both boys and girls with all necessary amenities.
- Common room is available in girl's hostel.
