Respected Sir,

I am happy to pen down this proposal for our students under the training module - Aptitude. Though we strongly believe that a complete training plan can be finalized only after doing a training need analysis, we have proposed an intensive, outcome-based training module focusing overall skill development and thereby enhancing campus placements.

We look forward to getting an opportunity and we wish to work with you soon!

Together, let us transform young minds!

Thanks & Regards
Murali Dharan R.
Director – Business Operations

Training Work-flow:

Day 0:

A 2-hour Training & Placement Induction for all students. This is a preparatory step before training. The session will include a briefing on the upcoming placement drives and how a student must be prepared for Aptitude and technical tests. Introduction to Aptitude, module coverage and test portal access will be done during the induction.

Pre-training assessment:

It is a 1-hour online aptitude test to understand the problem-solving level of students. This also helps the students to realize different sections of Aptitude.

Day 1 – Day 6:

Classroom training covering all modules of Aptitude and Programming. Each day, a student must take online tests of the topics covered in the classroom.

Post-training assessment:

It is a 90-minute online test to evaluate the problem-solving knowledge gained during the training program.

30-Day Test Marathon:

Once the post-training assessment is done, 30 daily practice tests will be opened for all students. Exam portal login will be given to all staff co-ordinators for easy access of test reports anytime.

Overall Report given by HR & Technical Interview Experts.

Positive points:

1. Most of them are answering our questions without nervous.
2. There are very few who are strong in technical.
3. Some students are good in presenting them self

Points to improve:

1. Need more improvement in tech knowledge. For both ECE/EEE students and CSC/IT students. 90% of them are struggling more even for answering a very basic tech questions.
2. Need more clarity of their future goals. (few says I prefer higher studies, govt jobs, business, etc etc but they're changing their mind by very next question so need more clarity)
3. Few students has lots of corrections in their resume including very simple spelling mistakes and format.
4. Around 90% of students need to improve their communication skill.
5. Half of the students are struggling to answer the questions from what they have written in their resume.

Report on Foreign Language Trainings

German Training

As part of Career Enrichment programs, we offer students the invaluable chance to explore foreign languages. In a recent endeavor, we introduced German Language training starting on September 26, 2023, catering to the interests of our students. Notably, 53 second year students eagerly seized this opportunity and enthusiastically registered for the course.

Throughout the training sessions, students acquired essential skills in reading, speaking, and writing in the German language. The curriculum covered fundamental aspects of German grammar, geographical insights, cultural nuances, and even the festivals celebrated in Germany, all delivered in the German language itself. This comprehensive approach not only equipped students with linguistic competence but also enriched their cultural understanding of the German-speaking world.

Content Delivered by Date:

<u>S.No</u>	<u>Date</u>	<u>Content</u>

Greetings!

As per the discussion we had with you, we are happy to send our proposal for 3 days "RYLA" (Rotary Youth Leadership Award) Training Program for the Second-year students of all branches of your esteemed institution. The program is designed for three days per batch on 21st Jan 2024 -23rd Jan 2024 as Batch 1 & 29th Jan 2024 -31st Jan 2024 as

Batch 2 at your venue

A three days residential training program which induces every student to understand their real potential, set targets, choose their career option, acquire effective learning techniques, increase self-confidence and involvement. Individual counseling sessions will help them to come out of their barriers in achievements. Well experienced and Certified Trainers will handle the training sessions.

The training methodology will consist of Multimedia Presentation, interactive games and activities, role plays, storytelling

We expect, maximum of 225 students per batch can be allotted to participate in this program, in which 75 students can be allotted in each hall (totally 3 halls) with sufficient seating, audio and visual facilities for better delivery.

We request you to consider this proposal and let us know your conformation to serve the student community.

A detailed Training Schedule is enclosed with this for your reference.

Thanking you.

With Regards,

Rtn. V V S K Shanmugam,
President-Rotary Club of Virudhunagar.
